# HOUDINI'S GREATEST ESCAPE

The year is 1936. It has been exactly 10 years since the passing of Harry Houdini.

Each year, his wife, Bess, has been leading a séance, hoping to connect with her husband once more. You must help her. You need to find the secret phrase that Harry and Bess created for each other. You find

yourselves in the chambers of Harry Houdini. You have just one hour to keep the spirit of Houdini alive for Bess.

## WONKA'S FANTABULOUS RIDDLE

Your tour of the Wonka Chocolate Factory has just ended and you find yourself in Wonka's office, or at least half of what remains. You are drawn there because of Wonka's last words to you. "For in my office you may find a secret invention I had in mind." The stage is set for this most fantabulous riddle.

Can you find the secret invention?

Will you "live happily ever after."?

Just remember,  
"you should never, never doubt,  
what nobody is sure about."

### What is an Escape Room?

Escape rooms are adventure games in which teams of friends, family or colleagues work together to find clues and solve puzzles to escape a simulated danger; or solve a mystery, before time runs out.

### What am I buying?

An experience! Our rooms will transport you to other times and places and will engage your visual and auditory senses. If we are successful, you will forget where you were, and know where you are.

### Are Escape Rooms private?

Absolutely! Yes! All of our rooms are reserved by ONE person for up to 4 or 6 people. Every reservation is a private booking (see website for details).

### Can we book multiple rooms for a private event?

Absolutely! Yes! Our escape rooms are perfect for group outings, birthday parties, team building, etc.
